

## 2018—2022 Statewide Transportation Improvement Program

***This is your opportunity to comment on Montana's transportation projects***

The draft 2018—2022 Statewide Transportation Improvement Program (STIP) is now available for public comment. The STIP is a list of projects planned for Montana for the next five federal fiscal years. It includes aeronautic, railway, highway, public transportation, and Federal Lands Highway Program projects.

Each year MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. These comments are considered in the department's decision-making processes. MDT encourages comments on this or anytime throughout the year as various transportation issues arise, but comments must be received by May 18, 2018 to be considered in the final STIP document.

The list in this issue of *Newsline* includes projects that will be awarded for construction during the timeframe of this STIP. Projects exceeding \$100,000 are shown on the map insert and can be accessed on the commenting app to the right. The STIP webpage is <http://www.mdt.mt.gov/pubinvolve/stip.shtml> or request a hard copy of the STIP by contacting the MDT Project Analysis Bureau or by calling one of the numbers listed on the back page. Copies are also available at Montana public libraries.

### Commenting on Other Projects:

Throughout the year, MDT submits additional projects as amendments to the STIP for Transportation Commission approval. To view the list of highway projects MDT plans to present at the next Transportation Commission meeting, go to [http://www.mdt.mt.gov/other/webdata/external/planning/proposed\\_proj.pdf](http://www.mdt.mt.gov/other/webdata/external/planning/proposed_proj.pdf). If you prefer to receive the list by mail, call us toll-free at (800)714-7296 or TTY at (406)444-7696.

Comments may be submitted online, e-mailed to [mdtnewprojects@mt.gov](mailto:mdtnewprojects@mt.gov), or mailed to the following address:

Project Analysis Manager  
Rail, Transit & Planning Division  
Montana Department of Transportation  
PO Box 201001  
Helena, MT 59620-1001

### Interactive Web Map Available

To access the MDT interactive STIP Web map, scan the QR Code on the right.

## Montana's First Pedestrian and Bicycle Plan

MDT is developing Montana's first Pedestrian and Bicycle Plan. The plan will help set the foundation for preserving and improving pedestrian and bicycle transportation that is safe, accessible and user-friendly for people of all ages and abilities. Over the next year, MDT will be seeking and considering public input, analyzing data and identifying trends. Unlike the STIP, Montana's Pedestrian and Bicycle Plan is not project specific, but will set policy framework for ongoing department decisions regarding bicycle and pedestrian efforts.

Your perspective and input are valuable for the development of this plan. By engaging Montanans across the state, MDT will gain a better understanding of walking and bicycling as it is used to meet diverse transportation uses and needs. One easy way to weigh in is an online survey assessing bicycling and walking in Montana. The quick survey leads the user through a series of questions and activities to collect feedback about the state of walking and bicycling in Montana. The survey will be linked to MDT's project website and will be available beginning April 18, 2018.

The planning process will provide numerous public engagement opportunities including, workshops, online engagement, newsletters and the survey. To learn more about Montana's Pedestrian and Bicycle Plan, visit the project website at <http://www.mdt.mt.gov/pubinvolve/pedbike/>. For more information, contact Sheila Ludlow at [MDTBikePed@mt.gov](mailto:MDTBikePed@mt.gov) or 444-9193.
